## PASTOR'S CORNER

Welcome beloved,

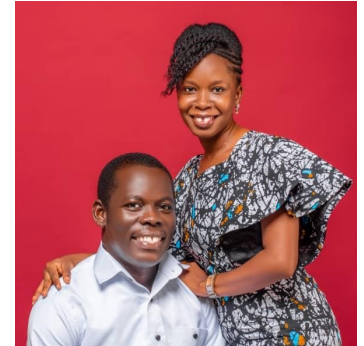

*Blessed be the lord. Who daily loads us with benefits, the God of our salvation* (Psalm 68:19).

We are excited to share with you the latest updates on the great things the lord is doing in his church.

Faith Baptist church is a missionary focused, spirit-led, bible believing

community of believers situated in the village of Abeyee, a lovely community of farmers who yearn the true living water of Christ's salvation.

The Church's theme this year, Experiencing Kingdom Impact (Matt. 25:34) gives us the mandate to share God's word even to the unreached and vulnerable

of which we invite you to join us in this effort with your prayer and financial support.

Yours in His service,

**Ps. & Mrs. Solomon and Evelyn Ackon**

## PRAISE STORY; BEGINNING THE YEAR WITH JESUS

Praise the lord brethren!

In bringing the word of God to the people, often we omit one powerful group, children especially in starting the year right. Pursuing our mandate, our children ministry embarked on the maiden edition of beginning with Jesus.

This was a fasting and prayer outing aimed at praying with children to begin the year right in Jesus and also give them a feel of socialization and health education on the prevailing health condition, cholera. The program, was in synchrony

to adult church's 21days fasting and prayer themed, Conquest of Victory.

Through prayerful consideration and financial support of the church, we were able to transport 33 children to Ampenyi Beach, a place, about 20km from Abeyee, suitable for the outing. With the help of three Sunday school teachers, and a health professional, the program was successful with glorifying testimonies from the children.

Children were happy because it was fun filled with fasting and prayer, games and even sight seeing around the beach.

More so, to some of them it was an excursion since its their first time traveling outside their village and most especially, seeing the sea.

So we praise God for the grace and testimonies from the program and looking forward for even a greater experience next year...

## Ministry update

The faith Baptist family is grateful to God for her growing children ministry and adult attendance. However, over the years, the lord has mandated us into the apostolic ministry of training, mentoring and developing leaders not just within the church but other believers. This mandate enabled the church to host its maiden “apostolic seminar” by partnering with child evangelism fellowship (CEF) C/ R, source of light ministries (SLM) international-Ghana and Trinity Baptist Church, Ayensudo.

The program, which was themed, Blameless Ministry, saw in attendance, reverend ministers and wives, deacons, elders children ministry workers etc. from over five communities around. Participants benefited from powerful presentations on strategic discipleship, empowering children ministry and balancing ministry and family life. There were also availability of all varied ministry resources displayed and for purchase which also benefited the participants.

We believe God has more to use his church for and through your prayer and financial supports, we can reach many for Christ.

## Calendar:

1. **Godly Couples Retreat:** 23rd-25th April, 2025
2. **WMU Week celebration:** 5th –11th May, 2025
3. **Children Ministry Creativity Conference:** 15th June, 2025

## Testimonies

All praise be to God for great things!

Over the years, traditional practices of widowhood has affected many widows with psychological and emotional stress in the town of abeyee. A woman by name Hannah was went through the right with Christ in her heart and came out unharmed after a year since his husband died.

A young woman by name Ama after her wedding, conceived by God's grace. One Sunday after church she bled so much that she was hospitalized with miscarriage. She became emotionally and physically worried but her faith in God kindled again trusting God even more than before. Her story will continue in the next issue!

## Project report

Over the years, the church has been moving locations due to lack of permanent residence. Through the gifts of church members and some friends, we bought a land and now have a temporal structure for our worship.

We have made also temporal provision for children ministry but the incompleteness of a permanent worship premise affect attendance and ministry work.

Currently, the church acquired a piece of land to cultivate in raising funds for a permanent church building but the funds could not take us far amidst these national economic downturn.

So we believe reading this issue is not a coincidence but a divine attraction to help the work of God through your prayer and financial support.

## Prayer requests

We humbly seek for your prayer and financial support in the following areas of the church.

1. church growth and empowerment
2. Building of permanent worship premise
3. Ministry impact and soul winning

If touched by our story and led to support us financially and in-kind, locate the donation information on page 1 of this issue. Or write to us by mail, WhatsApp or call the details under the contact information on page 1. May God bless your cheerful giving.

See you in the next issue!

**SHALOM!**
